

SURVEY OF PRIMARY DEALERS

SEPTEMBER 2022

This survey is formulated by the Trading Desk at the Federal Reserve Bank of New York to enhance policymakers' understanding of market expectations on a variety of topics related to the economy, monetary policy and financial markets. The questions involve only topics that are widely discussed in the public domain and never presume any particular policy action. FOMC participants are not involved in the survey's design.

Please respond by **Monday, September 12th at 2:00pm Eastern Time** to the questions below. Your time and input are greatly appreciated.

Type of Respondent:

Primary Dealer

Respondent Name:

1a) Provide below your expectations for changes, if any, to the language referencing each of the following topics in the September FOMC statement. Please write N/A if you do not expect any changes.

**Response s should add up to 100 percent. Bins were chosen with consideration to responses to question 3f in the July SPD and SMP.*

2g) Please describe your expectations for inflation and employment conditions at the time the target range for the federal funds rate reaches the level indicated in part f.

3a) Please provide your modal expectation for the total net change in SOMA holdings of U.S. Treasury securities and agency mortgage-backed securities (MBS) over each of the periods below.

If you expect SOMA holdings to increase on net in a given period, for example through net asset purchases, please enter a positive number. If you expect SOMA holdings to be unchanged on net in a given period, for example through reinvestments that result in no net change in holdings, please enter 0. If you expect SOMA holdings to decline on net in a given period, for example through maturities or paydowns that exceed any reinvestments or through sales, please enter a negative number.

Net change amounts referenced below are in \$ billions.
