Specific Prohibitions

The Manager acknowledges that it would breach its duties to the Company hereunder for the Manager or an affiliate of the Manager to use Confidential Information obtained in the course of this engagement to enter into a trade or other transaction unrelated to the transactions contemplated by this Agreement.

Investment Allocation Policy The Manager may aggregate sales and purchase orders of securities placed with respect to the Investment Account with similar orders being made simultaneously for other accounts managed by the Manager if in the Manager’s reasonable judgment such aggregation would result in an overall benefit to the Company, taking into consideration the availability of purchasers or sellers, the selling or purchase price, brokerage commissions and other expenses. To the extent that the Investment Account is involved, the
Manager may not allocate to one client account over another based on any of the following considerations:

(a) to favor one client account at the expense of another,

(b) to generate higher fees paid by one client account over another or to produce greater performance compensation to the Manager,

(c) to develop or enhance a relationship with a client or prospective client,

(d) to compensate a client for past services or benefits rendered to the Manager or to induce future services or benefits to be rendered to the Manager, or

(e) to manage or equalize investment performance among different client accounts.

In the event that a sale or purchase of any part of the Investment Account occurs as part of any aggregate sales or purchase orders, the objective of the Manager shall be to allocate the executions among the accounts in a manner reasonably believed by the Manager to be fair and equitable for all accounts involved.

The Manager represents and warrants that it is not currently subject to any public or, to its knowledge, any non-public investigations, pending or existing enforcement actions, or insolvency proceedings. Unless prohibited by law or negotiation, the Manager shall immediately notify the Company if it becomes aware of any such investigations, actions or proceedings.

The Company represents and warrants that:

Company which may prevent the Manager from giving a first priority lien or charge
on the assets solely in connection with the Manager’s authority to direct the deposit
of margin or collateral to the extent necessary to meet the obligations of the
Investment Account with respect to any investments made pursuant to the
Investment Guidelines.

**No Waiver** No failure on the part of the Manager or the Company to exercise, and no course of dealing with respect to, and no delay in exercising, any right, power, privilege or remedy hereunder shall operate as a waiver thereof; nor shall any single or partial exercise by the Manager or the Company of any right, power, privilege or remedy hereunder preclude any other or further exercise thereof or the exercise of any other right, power, privilege or remedy. TRANSACTION AGENT ROLE

Communications Concerning Issues The Manager shall provide a list of employees of the Manager who are authorized to discuss matters concerning commercial paper issuers (and thereby subject to the conflict provisions in this Agreement on the Transaction Agent Role) to the Company, the FRB-NY (as lender), the Custodian, the authorized dealers and other third parties that might need to communicate with the Manager on matters concerning issuers and request that all such communications be directed to employees identified on the list.

Registration of Issuers Upon receipt of a registration form, the Manager shall review the submitted form for completeness and will contact the submitting issuer directly to obtain any missing information. For each completed registration form, the Manager shall determine whether the submitting issuer is an “Eligible Issuer.” An Eligible Issuer is defined as any entity organized under the laws of the United States or a political subdivision or territory thereof, including entities with a foreign parent as well as any branch (as defined in the International Banking Act of 1978, as amended) of a foreign bank located in the United States, that has not been disqualified by the FRB-NY in accordance with the procedure noted below. The Manager’s sole responsibility in determining whether the submitting issuer is an “Eligible Issuer” is to confirm the issuer’s status on and that the FRB-NY has not informed the Manager that the issuer is disqualified in accordance with the procedure noted below. The Manager shall confirm that the Facility Fee has been paid by each Eligible Issuer that has submitted a completed registration form. After confirming issuer eligibility and receipt of the Facility Fee, the Manager shall provide confirmation to the submitting issuer that such issuer’s registration has been approved. Facility Fee is defined for these purposes as 10bps of the Maximum Face Value (as defined below). The Manager shall contact an Eligible Issuer on the Business Day following the submission of a completed registration form if that issuer has failed to pay the correct Facility Fee.

If the Company advises the Manager that the Maximum Face Value listed on an issuer’s registration form is incorrect, then the Manager will not approve or will revoke the approval of such issuer and so advise such issuer. It is the Company’s responsibility to direct the issuer to submit corrections to its registration form. Once updated, to the extent the original Facility Fee paid was incorrect because the Maximum Face Value listed on the issuer’s registration form was incorrect, the Manager will advise the issuer of any shortfall or refund any excess Facility Fee. If the issuer is due a refund, it will be promptly reinstated by the Manager. If the issuer owes a portion of the Facility Fee, it will only be reinstated upon receipt of the shortfall.

The FRB-NY, as lender to the Company, reserves the right in its sole discretion to disqualify an issuer at any time. The FRB-NY shall inform the Manager in writing if it determines that an issuer is disqualified.

Overnight Index Swap (“OIS”) Rate and Purchase Rate The following sets forth the target times for communications between the Manager and the Company to set the daily purchase rates for commercial paper. Shortly before 8:00 am on each day that the commercial paper market is open in New York City (“Business Day”), the Manager shall provide the Company with a recommended three-month OIS rate that the Company may wish to use as a base for the purchase rate for
commercial paper purchases that day. The Company is not required to use the recommended OIS rate.

The Company is responsible for setting the actual OIS rate to be used for each Business Day which will be used as a base for the purchase rates to be posted on its website (www.newyorkfed.org/markets/cpff.html) by 8:00 am. The rates posted on the FRB-NY website are to be the official rates for that Business Day. If there are technical impediments to the rate posting, the Company will contact the Manager via phone and email to confirm the OIS rate by 8:05 am. If the OIS rate is not available on the FRB-NY website, the email from the Company shall serve as documentation of the OIS rate for that day. If, in exceptional circumstances, the Manager is unable to contact the Company and the Company has not posted the OIS rate by 8:05 am, the Manager shall use its recommended OIS rate to determine the commercial paper purchase rates for that Business Day’s activities.

The purchase price shall be discounted based on a rate equal to a spread over the three-month OIS rate on the day of purchase. The spread for unsecured commercial paper will be 100 basis points per annum and the spread for asset backed commercial paper will be 300 basis points per annum.

**Authorized Purchases** The Manager is authorized to purchase commercial paper on behalf of the Company only through dealers identified on Schedule 1 attached hereto. The Manager shall accept requests from dealers for the Company to purchase commercial paper until 10:30 am on each Business Day. If the Manager determines that a request does not satisfy the conditions set forth below, the Manager will inform the dealer submitting the request that the request has been denied.

The Manager is authorized to purchase commercial paper of an issuer only if the issuer is an Eligible Issuer that has paid the Facility Fee as of the date of the purchase and only if each of the following conditions are met:

- The commercial paper is U.S. dollar denominated, either unsecured or asset-backed commercial paper, with a rating of at least A-1/P-1/F1 by a major nationally recognized statistical rating organization ("NRSRO") and, if rated by multiple major NRSROs, must be rated at least A-1/P-1/F1 by two or more major NRSROs.
- The commercial paper is not interest-bearing.
- The commercial paper has a maturity date that is not extendable and is within 89 to 93 days of the settlement date.
- The maturity date of the commercial paper must be on or before July 29, 2009 or the 90th day, which is a Business Day, after the last scheduled commercial paper purchase date of the Company, whichever is later, unless otherwise extended in writing by the Company.
- If the commercial paper is unsecured, the Manager will instruct the Custodian to deduct from the amount of any payment instruction to purchase the commercial paper an unsecured credit surcharge ("Unsecured Credit Surcharge") to be retained by the Company in the Investment Account equal to 100 basis points per annum.
For the avoidance of doubt, until otherwise agreed by the parties, the only option available to an issuer of unsecured commercial paper is the payment of the Unsecured Credit Surcharge or a guarantee by the Federal Deposit Insurance Corporation ("FDIC") under its Temporary Liquidity Guarantee Program ("TLGP"). If it is determined by the Company that the commercial paper is covered under the TLGP, the Company will instruct the Manager to refund to the issuer any Unsecured Credit Surcharge previously paid by that issuer and to refrain from deducting any future Unsecured Credit Surcharge in connection with any future purchase of that issuer's commercial paper. The Manager shall have the authority to instruct the Custodian to make any such refund payment to an issuer in accordance with this provision.

- At the time of purchase, the purchase will not cause the Company to own more than the Maximum Face Value which is defined for these purposes as the greatest amount of U.S. dollar-denominated A-1/P-1/F1 commercial paper notes (aggregate of all of the issuer's programs on a single day) that the issuer had outstanding on any day between January 1 and August 31, 2008, as certified by the issuer in its registration form unless the Company provides a written instruction to the Manager to use a different amount. For the avoidance of doubt, the Company, and not the Manager, is responsible for determining whether (i) the Maximum Face Value certified by the issuer on its registration form is correct and (ii) the issuer, at the time of the sale of commercial paper to the Company, exceeded the Maximum Face Value due to outstanding commercial paper held by other investors.

In determining whether each of the preceding conditions has been satisfied, the Manager may rely on information provided by the sources set forth on Schedule 2 attached hereto.

**Required Funding** By 12:00 pm of each Business Day an authorized official of the Manager must send an email to followed by a telephone call to the FRB- Term Auction Facility, the FRB-NY will be responsible for calling the Manager) requesting the amount needed to fund the purchase of commercial paper and stating the term of the loan (90 days). The FRB-NY will provide the Manager with advance notice of any TAF auction date. If no funding is needed on a particular Business Day, the Manager should send an e-mail to the above address indicating “no funding required.”

**Purchase Instructions** The Manager shall have the authority to instruct the Custodian as appropriate to: (i) pay cash for, and accept delivery of, commercial paper delivered to the Custodian for the Clearing Account, (ii) deliver commercial paper upon receipt of payment, and (iii) collect and reimburse any monies in connection with Facility Fees and Unsecured Credit Surcharges. The Manager shall not act as custodian of the assets held in the Clearing Account. On each Business Day, the Manager shall provide same-day settlement purchase instructions for the Clearing Account to the Custodian by 12:00 pm. The Manager shall work with the Custodian to resolve any settlement or other operational issues promptly. To this end, the Manager should notify the FRB-NY as soon as possible if it appears that a DTCC extension will be necessary to resolve any problems.
**Actions Related to Downgrades of Commercial Paper**  If the commercial paper of an issuer is downgraded so that it no longer meets the required ratings set forth above, the issuer will be deemed ineligible upon such downgrading. Further purchases of commercial paper from such issuer on behalf of the Company will be prohibited until the rating of such commercial paper is restored to a level that satisfies the rating requirements of the Company. Any commercial paper that has already been purchased by the Company at the time of the downgrade will continue to be held until maturity. If such downgrade occurs more than 48 hours after submitting a registration form, the issuer’s fees will not be refunded.

If an issuer’s commercial paper is downgraded prior to 48 hours after submitting its registration form so that such issuer no longer meets the rating requirements set forth above, the registration form will be rejected and the Facility Fee paid by such issuer will be refunded to the issuer. If there is any question as to whether the Facility Fee should be refunded, the Manager will consult with the Company promptly upon being made aware of the downgrade.

**Actions Related to Maturing Commercial Paper**  All commercial paper purchased by the Company shall be held until maturity.

On any Business Day that commercial paper held by the Company matures, the Manager shall direct the Custodian to move funds from the Clearing Account to the Custodian’s Federal Reserve account sufficient to repay the loan (principal plus interest) provided by the FRB-NY to the Company to purchase the maturing commercial paper. The Manager shall instruct the Custodian to transfer any amount in excess of the repayment of the FRB-NY loan from the Clearing Account to the Investment Account. Notwithstanding the above, if an issuer defaults on its commercial paper, and the Manager becomes aware of the default prior to issuing instructions to the Custodian, then the Manager shall instruct the Custodian to move to the Custodian’s Federal Reserve account only the amounts, if any, actually received into the Clearing Account from the issuer. The Custodian shall immediately notify FRB-NY Discount Window, the Company and the Manager if it becomes aware of a default or partial default of an issuer.

**Actions After an Issuer Default**  In the event of a partial or complete default of an issuer the Manager shall consult with the Company and shall provide to the Company such information and documentation as may be reasonably requested and otherwise reasonably cooperate with the Company with respect to any actions the Company may take against the defaulting issuer or any guarantor of the defaulting issuer or its commercial paper, as applicable.

**Time**  All times referred to in this Exhibit A shall refer to New York City time, unless otherwise specified.

The assets in the Investment Account will be used to cover all operating expenses of the Company. For the purpose of this document, operating expense includes, but is not limited to:

- Manager fees
- Custodial fees

Except as provided in Section 2B of the Agreement, the Company will need to approve all payments to cover operating expenses. The Company's operating expenses will be paid out of the Investment Account on each Payment Date, and the Manager will liquidate assets in the Investment Account as necessary to make such payments.
EXHIBIT C

FEE SCHEDULE

A. $3 million fixed fee per quarter to compensate for overhead and dedicated personnel.

B. Asset management fees beginning on the Effective Date of the Agreement calculated as 1 bp annually (.25 bp quarterly) on average of the month end assets (capped at $400 billion) in the Accounts during each quarter as indicated on the Manager’s records.

Invoice and Timing of Payments. The Manager’s asset management fees shall be due and payable on a quarterly basis, beginning with the fourth calendar quarter in 2008. Fees shall be prorated on a daily basis when the Accounts are under the supervision of the Manager for a portion of any quarter. Except as provided below, upon becoming due and payable, the Manager’s fees shall be paid not later than the 15th business day of the next calendar month provided that the administrator receives an invoice showing the basis on which compensation is requested at least four business days in advance of such date. The Manager shall be entitled to use its month end fair value marks even if such marks have not yet been reconciled to the administrator. The Manager and the Company will work together, in good faith, to resolve any discrepancies that are identified during reconciliation. Fees shall be paid exclusively by the Company except as set forth below. If there are insufficient funds in the Investment Account to pay the entirety of the fees then due, the fees will be paid by the FRB-NY and the FRB-NY will be reimbursed from the Investment Account at such time as a sufficient balance exists.

Disputes. If the Company disputes all or a portion of any invoice, the Company will pay the undisputed amount (subject to the insufficient funds condition set forth above). The Company will notify the Manager in writing of the specific reason and amount of any dispute. The Manager and the Company will work together, in good faith, to resolve any disputes as soon as reasonably practicable, and Company will pay the amount, if any, agreed to by the parties based on the resolution.

Additional Compensation. The Manager shall not agree to accept compensation from any other entity in connection with the services provided by the Manager under this Agreement.

Fees Upon Termination. In the event this Agreement is terminated, the Company will pay the Manager the pro rata amount of the asset management fees for services performed as of the date of termination that have not yet been paid.

If the Company terminates the Agreement in the first three months of the engagement, the Company will pay an additional one month’s fees to the Manager unless the Company terminates the Agreement in connection with one of the following events:

   (i) The Manager has been charged, by indictment or information, with a felony offense;

   (ii) A self-regulatory organization or other entity with regulatory or supervisory authority over the Manager has determined that there is material fraud, misappropriation or
other financial wrong-doing by any of the Manager’s employees assigned to perform services under the transaction agent role or the investment management role;

(iii) The Manager has lost a license, registration or exemption that is necessary in order for the Manager to lawfully perform the services contemplated by the Agreement; or

(iv) There has been a Change in Control that results in control of the Manager by a person or entity that is not approved as a result of the background screening conducted under FRB-NY’s standard vendor integrity program.

(c) For purposes of this Agreement, “Change in Control” shall mean any of the following:

(i) any “person” (as defined in section 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”)), excluding for this purpose (A) The Manager or any subsidiary of the Manager or (B) any employee benefit plan of the Manager or any subsidiary of the Manager or any person or entity organized, appointed or established by the Manager for or pursuant to the terms of any such plan that acquires beneficial ownership of voting securities of the Manager, is or becomes the “beneficial owner” (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of The Manager representing more than fifty percent (50%) of the combined voting power of the Manager’s then outstanding securities; provided, however, that no Change in Control will be deemed to have occurred as a result of a change in ownership percentage resulting solely from an acquisition of securities by the Manager; or

(ii) persons who as of the Effective Date constitute the Board (the “Incumbent Directors”) cease for any reason, including without limitation, as a result of a tender offer, proxy contest, merger or similar transaction, to constitute at least a majority of the Board, provided that any person becoming a director of the Manager subsequent to the Effective Date shall be considered an Incumbent Director if such person’s election or nomination for election was approved by a vote of at least fifty percent (50%) of the Incumbent Directors; but provided further, that any such person whose initial assumption of office is in connection with an actual or threatened election contest relating to the election of members of the Board or other actual or threatened solicitation of proxies or consents by or on behalf of a “person” (as defined in Section 13(d) and 14(d) of the Exchange Act) other than the Board, including by reason of agreement intended to avoid or settle any such actual or threatened contest or solicitation, shall not be considered an Incumbent Director; or

(iii) consummation of a reorganization, merger or consolidation or sale or other disposition of at least eighty percent (80%) of the assets of the Manager (a “Business Combination”), in each case, unless, following such Business Combination, all or substantially all of the individuals and entities who were the beneficial owners of outstanding voting securities of the Manager immediately prior to such Business Combination beneficially own, directly or indirectly, more than fifty percent (50%) of the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors of the company resulting from such Business Combination (including, without limitation, a company that, as a result of such transaction, owns the Manager or all or substantially all of the Manager’s assets either directly or through one or more subsidiaries) in
substantially the same proportions as their ownership immediately prior to such Business Combination of the outstanding voting securities of the Manager.
