

Investor Advisory Committee on Financial Markets

Chairman: William Dudley
33 Liberty Street, 10th Floor
New York, NY 10045

Thursday, January 12, 2017; 12:00 – 2:30pm

Domestic Developments

- What is your interpretation of the December FOMC events? What are your expectations for the pace of interest rate hikes and for reinvestments? What is your outlook for growth, the labor market, and inflation in the U.S.?
- What are your views on potential changes to various economic policies after the U.S. election and the likely effects of these changes on financial markets and the economy?

Global Developments

- How are public attitudes and policies around the world towards globalization likely to evolve over the coming years? What are the implications for financial markets and the global economy?
- How is monetary policy divergence across major central banks likely to affect financial markets, global capital flows, developed economies, and China and other emerging market economies?

Financial Landscape

- What is your outlook for 2017? What do you see as the main upside and downside risks to the global economy and financial markets in the year ahead? What are your performance expectations for various asset classes?
