

remedial actions conducted at the site to date remain protective of public health, welfare, and the environment.

EFFECTIVE DATE: May 21, 1998.

FOR FURTHER INFORMATION CONTACT: Kevin Adler at (312) 886-7078 (SR-6J), Remedial Project Manager or Gladys Beard at (312) 886-7253, Associate Remedial Project Manager, Superfund Division, U.S. EPA—Region V, 77 West Jackson Blvd., Chicago, IL 60604. Information on the site is available at the local information repository located at: The Alvah N. Belding Library, 302 East Main Street, Belding, Michigan 48809. Requests for comprehensive copies of documents should be directed formally to the Regional Docket Office. The contact for the Regional Docket Office is Jan Pfundheller (H-7J), U.S. EPA, Region V, 77 W. Jackson Blvd., Chicago, IL 60604, (312) 353-5821.

SUPPLEMENTARY INFORMATION: The site to be deleted from the NPL is: H & K Sales Site located in Belding, Michigan. A Notice of Intent to Delete for this site was published March 30, 1998 (63 FR 15125). The closing date for comments on the Notice of Intent to Delete was April 29, 1998. EPA received no comments and therefore no Responsiveness Summary was prepared.

The EPA identifies sites which appear to present a significant risk to public health, welfare, or the environment and it maintains the NPL as the list of those sites. Sites on the NPL may be the subject of Hazardous Substance Response Trust Fund (Fund-) financed remedial actions. Any site deleted from the NPL remains eligible for Fund-financed remedial actions in the unlikely event that conditions at the site warrant such action. Section 300.425(e)(3) of the NCP states that Fund-financed actions may be taken at sites deleted from the NPL in the unlikely event that conditions at the site warrant such action. Deletion of a site from the NPL does not affect responsible party liability or impede agency efforts to recover costs associated with response efforts.

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 65

RIN 3067-AC81

National Flood Insurance Program; Removal of Form

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Final rule.

SUMMARY: This rule removes appendix A to part 65, which contains the FEMA Standard Flood Hazard Determination form, and removes reference to the form and tells readers how to obtain copies of it. The form is used in the process of making, increasing, extending, renewing, selling, or transferring mortgages to ensure that buildings and mobile homes located in an identified Special Flood Hazard Area (SFHA) are covered by flood insurance. FEMA will publish notices of the availability of the form from time to time; the form is also available by fax-on-demand and on the Internet at FEMA's web site. Removal of the form from the CFR will enhance FEMA's ability to incorporate changes to the form outside of the rulemaking process, while continuing to provide full notice of availability of the form to the public and to affected parties.

EFFECTIVE DATE: This rule is effective on May 21, 1998.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Mitigation Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-3461, or by facsimile at (202) 646-4596 (not toll-free calls) for additional information.

SUPPLEMENTARY INFORMATION. As part of our implementation of the National Flood Insurance Reform Act of 1994, FEMA published a final rule at 60 FR 35276, July 6, 1995, to establish a standard form for determining whether

a building or mobile home is located in an SFHA, whether flood insurance is required, and whether Federal flood insurance is available. The federal entities for lending regulation published a final rule (60 FR 35286, July 6, 1995) requiring use of the form. Use of the form by federally regulated lenders became mandatory on January 2, 1996. The OMB number for the current form expires on April 30, 1998 but OMB has extended the expiration date for an additional 90 days.

During the two years that this form has been in use, many users have commented on the form asking FEMA to make minor changes and clarifications. By separate notice published today in the **Federal Register** we propose changes to the form and we request comments on the proposed changes from the public and from other Federal agencies.

This rule removes Appendix A to Part 65—Federal Emergency Management Agency, Standard Flood Hazard Determination Form and Instructions. The form will continue in use and will continue to be available by written request, by fax-on-demand, and through the Internet at <http://www.fema.gov/nfip/mpurfi.htm>. Removal of the form from the Code of Federal Regulations will enhance FEMA's ability to incorporate changes to the form outside of the rulemaking process, while continuing to provide full notice of the availability of the form to the public and to affected parties.

This rule also revises 44 CFR 65.16, Standard Flood Hazard Determination Form and instructions. The revision removes the reference to the form and instructions being found in Appendix A to Part 65 and tells how readers can obtain copies of the form and its accompanying instructions.

Executive Order 12866, Regulatory Planning and Review

This final rule is not a significant regulatory action within the meaning of § 2(f) of E.O. 12866 of September 30, 1993, 58 FR 51735, but attempts to adhere to the regulatory principles set forth in E.O. 12866. The rule has not been reviewed by the Office of Management and Budget under E.O. 12866.

Regulatory Flexibility Act.

The Director certifies that this rule is not a major rule under Executive Order 12291. It will not have significant impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, and is not expected (1) to affect adversely the availability of disaster assistance

funding to small entities, (2) to have significant secondary or incidental effects on a substantial number of small entities, or (3) to create any additional burden on small entities. FEMA has not prepared a regulatory flexibility analysis of this proposed rule.

Paperwork Reduction Act

This final rule does not contain a collection of information and therefore is not subject to the provisions of the Paperwork Reduction Act of 1995.

Congressional Review of Agency Rulemaking

This final rule has been submitted to the Congress and to the General Accounting Office under the Congressional Review of Agency Rulemaking Act, Pub. L. 104-121. The rule is not a "major rule" within the meaning of that Act. It is an administrative action in support of normal day-to-day activities. It does not result in nor is it likely to result in an annual effect on the economy of \$100,000,000 or more; it will not result in a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions; and it will not have "significant adverse effects" on competition, employment, investment, productivity, innovation, or on the ability of United States-based enterprises to compete with foreign-based enterprises.

This final rule is exempt (1) from the requirements of the Regulatory Flexibility Act, and (2) from the Paperwork Reduction Act. The rule is not an unfunded Federal mandate within the meaning of the Unfunded Mandates Reform Act of 1995, Pub.L. 104-4. It does not meet the \$100,000,000 threshold of that Act, and any enforceable duties are imposed as a condition of Federal assistance or a duty arising from participation in a voluntary Federal program.

List of Subjects in 44 CFR Part 65

Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 65 is amended as follows:

PART 65—IDENTIFICATION AND MAPPING OF SPECIAL HAZARD AREAS

1. The authority citation for Part 65 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 43 FR 41943, 3 CFR, 1978 Comp., p. 329; E.O. 12127 of March 31, 1979, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

Appendix A to Part 65 [Removed]

2. Appendix A to Part 65—Federal Emergency Management Agency, Standard Flood Hazard Determination Form and Instructions is removed.

3. Section 65.16 is revised to read as follows:

§ 65.16 Standard Flood Hazard Determination Form and Instructions.

(a) Section 528 of the National Flood Insurance Reform Act of 1994 (42 U.S.C. 1365(a)) directs FEMA to develop a standard form for determining, in the case of a loan secured by improved real estate or a mobile home, whether the building or mobile home is located in an area identified by the Director as an area having special flood hazards and in which flood insurance under this title is available. The purpose of the form is to determine whether a building or mobile home is located within an identified Special Flood Hazard Area (SFHA), whether flood insurance is required, and whether federal flood insurance is available. Use of this form will ensure that required flood insurance coverage is purchased for structures located in an SFHA, and will assist federal entities for lending regulation in assuring compliance with these purchase requirements.

(b) The form is available by written request to Federal Emergency Management Agency, PO Box 2012, Jessup, MD 20794; ask for the Standard Flood Hazard Determination form. It is also available by fax-on-demand; call (202) 646-3362, form # 23103. Finally, the form is available through the Internet at <http://www.fema.gov/nfip/mpurfi.htm>.

Dated: May 14, 1998.
