The Board of Governors of the Federal Reserve System, under delegated authority from the Office of Management and Budget (OMB), has revised the Report of Changes in Organizational Structure (FR Y-10). The final approved Federal Register Notice Volume 73, No. 162, dated August 20, 2008 describing the changes may be found on the Board's public web site listed below:

<http://www.federalreserve.gov/boarddocs/reportforms/review.cfm>

under the section entitled "Recently Approved and Implemented."

The Federal Reserve has added a data item to collect the tax identification number (Tax Id) on the Banking and Nonbanking Schedules of the FR Y-10 for entities located in the United States. The revised reporting form and instructions may be accessed by selecting the FR Y-10 reporting form from the "Forms by number" pull-down menu at:

<http://www.federalreserve.gov/reportforms>

There will be a one-time information collection to populate the Tax Id data, as of December 31, 2008. Reporters should initially submit the information for their organization by March 31, 2009. The Federal Reserve has provided a means for reporters to provide their initial data. Access the following web site for more information on this process <http://structurelists.federalreserve.gov>. Please note that you will have to provide a Tax Id for companies that are missing from the website because their relationships are confidential. An RSSD Tiering Report including the companies that you reported to us in the past as confidential, has been mailed to the FR Y-6 contact for your organization.

Responses to the initial tax id data collection should be emailed to ny.frb.branchinformation@ny.frb.org. Changes to the tax id data that occur between January 1 and March 31, 2009, should be reported on the FR Y-10 by April 30, 2009. Changes to the data that occur after March 31, 2009, should be reported on the FR Y-10 within 30 calendar days after the change.

January 21, 2009
