

FEDERAL RESERVE BANK *of* NEW YORK

33 LIBERTY STREET, NEW YORK, NY 10045-0001

April 14, 2011

To: The FR Y-6 Contact at the Addressed Bank Holding Company:

The Board of Governors of the Federal Reserve System, under delegated authority from the Office of Management and Budget (OMB), revised the instructions for preparation of the Annual Report of Bank Holding Companies (FR Y-6), effective beginning with the December 31, 2010 fiscal year end. The FR Y-6 report form was not revised.

The FR Y-6 reporting instructions have been updated for report item 2(b) to include the URL where the branch report can be downloaded and when it will be available.

The reporting form and revised instructions may be accessed by selecting the FR Y-6 reporting form from the "Forms by number" pull-down menu at:

<http://www.federalreserve.gov/boarddocs/reportforms/default.cfm>.

The FR Y-6 report also includes the requirement to review and reconcile branch information for your organization. To facilitate your reporting of branch information, the Federal Reserve provides a website, <http://structurelists.federalreserve.gov>, that reporters can use to download branch information in spreadsheet format for review, verification and, if necessary, correction. Please refer to the instructions on the website to assist you in accessing your organization's branch structure information. Changes should be noted on the spreadsheet and separately reported on the Domestic Branch Schedule of the Report of Changes in Organizational Structure (FR Y-10). The spreadsheet can then be emailed to ny.frb.branchinformation@ny.frb.org or sent in hardcopy to Kenneth Aberbach at the address below.

If you are unable to use the website and require a hardcopy listing of your branches for verification, or if you have difficulty with the email submission option, please contact

An RSSD Tiering Report for your organization is included to assist you with reviewing your information and preparing the FR Y-6 report. The RSSD Tiering Report is generated from our database and depicts your company's organizational structure as of November 30, 2010. It is recommended that each reporter review the structure information on record for your organization, prior to submitting the FR Y-6 report. This package also includes guidelines on how to review the tiering report. If your records differ from the tiering report, please file a Report of Changes in Organizational Structure (FR Y-10) if a change has not been reported or has been reported incorrectly. Alternatively, please contact us if we have recorded a previously reported event incorrectly. If you have reported organizational changes during December and would like a tiering report as of December 31, 2010, please contact Richard Crawn, Reports Analyst, at (212) 720-7991 or richard.crawn@ny.frb.org by February 21, 2011.

The FR Y-6, including the submission of your branch listing, must be filed with the Federal Reserve Bank of New York no later than 90 calendar days after your bank holding company's fiscal year end. An original report and one copy of the completed FR Y-6 report must be submitted to:

Mr. Kenneth Aberbach, Staff Director
Banking Structure Division, 4th Floor
Statistics Function
Federal Reserve Bank of New York
33 Liberty Street
New York, NY 10045

Questions regarding the submission of the FR Y-6 should be directed to Judy Ekwughalu, Team Leader, at (212) 720-6760 or judy.ekwughalu@ny.frb.org, or Kenneth Aberbach, Staff Director, at (212) 720-8234 or kenneth.aberbach@ny.frb.org.

RSSD Tiering Report Guidelines for Bank Holding Companies

An annual review of the Tier Report is advised in conjunction with the preparation of the Annual Report of Bank Holding Companies (FR Y-6). The Tier Report contains structure information as of November 30, 2010. It is important to note that this report should reflect only those entities that meet the reporting criteria of the Report of Changes in BHC Organizational Structure (FR Y-10), with the exception of reportable merchant banking investments.

General Information

- ❖ The name of the top-tier BHC/FHC is displayed as part of the header on page 1 of the report, along with the as-of-date of the data on the report.
- ❖ The date on which the report was produced appears in the header on the top right side of each page.
- ❖ There are two types of entities that are displayed on the report:
 - 1) the top-tier BHC, which is displayed first,
 - 2) U.S. banks, other BHCs, and nonbanking subsidiaries, which are displayed immediately below each direct holder in alphabetical order.
- ❖ The report contains unique line identifiers (e.g., 00001, 00002, 00003, etc.) which indicate the placement of the entity on the report. If an entity has more than one direct holder, the additional line(s) at which it is displayed are noted after its name. In the instance where a subsidiary has multiple noncontrolling direct holders, an additional line identifying an indirect aggregate controlled relationship with the BHC will also be displayed on the tier report.
- ❖ The report also contains tier level identifiers. The entities that are held directly by the top-tier BHC are identified by "2>", which means that they are second-level entities. In turn, the entities that are held directly by second-level entities are identified by "3>", which means that they are third-level entities. This pattern continues throughout the report.
- ❖ The data items that are displayed on the report vary based on the type of entity reported and are noted on the following pages. Not all data items that are displayed are required to be reviewed.

Instructions

- ❖ On the following pages are the data items that are displayed on the report, based on the type of entity reported. Only those that are identified under the heading **Data Items to be Verified** should be confirmed against the internal records of the BHC and should contain the latest information as of the date reflected in the heading on page 1 of the report. Those that are identified under the heading Other Data Items need not be reviewed.
- ❖ If the report does not contain the latest information as of the date reflected in the heading on page 1, an update or correction should be reported on an FR Y-10 form immediately. Annotated Tier Reports may **not** be submitted in lieu of the FR Y-10.
- ❖ With regard to activities, the accuracy and order of the primary and secondary activities should be verified. The order should be based on the definitions of "primary" and "secondary" as contained in the FR Y-10 instructions. Activities are currently displayed on the report as "Primary" and "Other." All financial activities of companies that were reported as Post-transaction notices and conducted under section 4(k) of the BHC Act should be displayed as an activity of the top-tier BHC as well.
- ❖ Confidentiality of information should be verified. The following statement identifies entities for which confidentiality has been requested or granted for some or all structure information as of the date of this report:

WARNING: CONFIDENTIALITY IS PENDING OR GRANTED FOR THE ABOVE ENTITY.
