

# FEDERAL RESERVE BANK OF NEW YORK

NEW YORK, N.Y. 10045-0001

AREA CODE 212-720-5000

June 29, 2007

TO: The Chief Executive Officer of Each State Member Bank  
Located in the Second Federal Reserve District

As part of a joint mailing with other supervisory agencies, state member banks received their Report of Condition and Income materials for the June 30, 2007 report date from the Federal Financial Institutions Examination Council. The agencies are not sending a sample set of the June 30, 2007, report forms to banks.

Please plan to complete the preparation, review, and submission of your Call Report data to the Central Data Repository (CDR) as early as possible. Starting your preparation early will aid you in identifying and resolving any edit exceptions prior to the submission deadline.

In the Call Report for this quarter, banks are reminded to report the number and amount currently outstanding of loans to small businesses and small farms (Schedule RC-C, part II), the number of deposit accounts (other than retirement accounts) of \$100,000 or less (Schedule RC-O, Memorandum item 1.a.(2)), and the number of retirement deposit accounts of \$250,000 or less (Schedule RC-O, Memorandum item 1.c.(2)). This information is collected only as of the June 30 report date each year.

## Report Submission

Except for certain banks with foreign offices, a completed Call Report must be submitted electronically to the CDR no later than **Monday, July 30, 2007**. However, banks with more than one foreign office must electronically transmit its Call Report data to CDR no later than **Saturday, August 4, 2007**. To be considered timely, the report must pass FFIEC-published validity edits and quality edits or, where necessary, contain explanations for any quality edits that are not passed. Explanatory comments should be prepared consistent with the "Guidelines for Resolving Edits" that are published on the FFIEC's web site:

June 29, 2007

Please note that the timeliness of receipt of the Call Report will be monitored. Any report received at the CDR after 5:00 p.m. on July 30 will be considered late.

The staff of this bank will monitor whether banking organizations are meeting their basic reporting requirements through the use of validity edits.

Each bank must file its June 30, 2007, Call Report data in one of the following two ways:

- A bank may use computer software to prepare and edit its report data and then electronically submit the data directly to the CDR (<https://cdr.ffiec.gov/cdr/>).
- A bank may complete its report in paper form and arrange with a software vendor or another party to convert its paper report into the electronic format that can be processed by the CDR. The software vendor or other party then must electronically submit the bank's Call Report data file to the CDR.
