

FEDERAL RESERVE BANK *of* NEW YORK

33 LIBERTY STREET, NEW YORK, NY 10045-0001

PATRICIA SELVAGGI
ASSISTANT VICE PRESIDENT

July 17, 2014

To: The Chief Executive Officer of Each State Member Bank Located in the Second Federal Reserve District

As part of the joint mailing with other supervisory agencies, state member banks received their Consolidated Report of Condition and Income (“Call Report”) materials for the June 30, 2014 report date from the Federal Financial Institutions Examinations Council (“FFIEC”). The agencies are not sending a sample set of the June 30, 2014 report forms to banks.

Please plan to complete the preparation, review, and submission of your Call Report data to the Central Data Repository (“CDR”) as early as possible. Starting your preparation early will aid you in identifying and resolving any edit exceptions prior to the submission deadline.

As the Federal Financial Institutions Examination Council (FFIEC) previously advised, information about international remittance transfer activity, which was collected initially as of March 31, 2014, generally will be reported semiannually each June 30 and December 31 beginning this quarter (see FIL-3-2014, dated January 22, 2014). The yes-no questions specifically addressing international remittance transfer activity during 2012 that institutions completed in the Call Reports for March 31, 2014, have been eliminated. The data to be reported semiannually include responses to yes-no questions about international remittance transfer activity as of the quarter-end report date, and institutions with more than 100 transactions per calendar year report additional information including the estimated number and dollar value of international remittance transfers (item 16 of Schedule RC-M, Memoranda).

Report Submission

Except for certain banks with foreign offices, a completed Call Report must be submitted electronically to the CDR no later than Wednesday, July 30, 2014. However, banks with more than one foreign office must electronically transmit its Call Report data to CDR no later than Monday, August 4, 2014. To be considered timely, the report must pass FFIEC published validity edits and quality edits, or where necessary, contain explanations for any quality edits that are not passed. Explanatory comments should be prepared consistent with the “Guidelines for Resolving Edits” that are published on the FFIEC’s web site:

2

Please note that the timeliness of receipt of the Call Report will be monitored. Any report received at the CDR after 5:00 p.m. on July 30th will be considered late. The staff of this Bank will monitor whether banking organizations are meeting their basic reporting requirements through the use of validity edits.

Each bank must file its June 30, 2014, Call Report data in one of the following two ways:

- A bank may use computer software to prepare and edit its report data and then electronically submit the data directly to the CDR (<https://cdr.ffiec.gov/cdr/>).
- A bank may complete its report in paper form and arrange with a software vendor or another party to convert its paper report into the electronic format that can be processed by the CDR. The software vendor or other party then must electronically submit the bank's Call Report data file to the CDR.
