ASSISTANT VICE PRESIDENT

To: Depository Institutions in the Second Federal Reserve District Required to Report on the Annual Report of Deposits and Reservable Liabilities (FR 2910a)

Subject: Discontinuation of the FR2910a Report

On December 22, 2020, the Board of Governors of the Federal Reserve System (Board) adopted a proposal to extend for three years, with revision, the Reports of Deposits (FR 2900; OMB No. 7100-0087).<sup>1</sup> The adopted revisions reduce reporter burden by discontinuing the collection of the FR 2910a and FR 2930, ending the quarterly collection of the FR 2900, ceasing collection of the FR 2900 from bankers' banks and corporate credit unions, and refocusing the items collected on the weekly collection of the FR 2900 and the FR 2915 to those that support the construction and analysis of the monetary aggregates. For a detailed discussion of the adopted revisions, refer to the final Federal Register Notice for the Reports of Deposits (85 FR 83555) available [here](#).

The FR 2910a was discontinued, effective January 1, 2021. The final reporting period for the FR 2910a occurred on June 30, 2020.
