Notes: 1. Delivery Fails occur when a trade fails to settle on schedule. There are two parties to every fail: one party fails to receive the security (fails to receive) and one party fails to deliver the security (fails to deliver). Outright purchase and sale transactions can result in a fail. Financing transactions (securities borrowed or securities lent, also known as the market for collateral) may also result in a fail.

2. These reports are based on data voluntarily submitted by primary dealers to the Federal Reserve Bank of New York (FRBNY) pursuant to forms and instructions available at: <http://www.newyorkfed.org/markets/primarydealers.html>. FRBNY expects primary dealers to submit accurate data, but FRBNY does not itself audit the data.

3. Fails data reflect cumulative weekly aggregated 'fails to receive' and 'fails to deliver' for the primary dealer community. Aged fails are not reported separately from overall fails. Fails are reported at the amount that was to be paid or received on the day the failed trade was to settle.

4. Fails in Mortgage-Backed securities include 'to be announced' securities where the settlement date is beyond the contractual settlement date.

* Data are not published if fewer than three dealer report financing in this category.
Figures may not add due to rounding. Data may reflect revisions since prior publication.

Notes: 1. Delivery Fails occur when a trade fails to settle on schedule. There are two parties to every fail: one party fails to receive the security (fails to receive) and one party fails to deliver the security (fails to deliver). Outright purchase and sale transactions can result in a fail. Financing transactions (securities borrowed or securities lent, also known as the market for collateral) may also result in a fail. Include TBA MBS fails where the settlement date is beyond the contractual settlement date. Fails reflect as-of date only aggregated 'fails to received' and 'fails to deliver' for the primary dealer community.

2. MBS TBA and Pools Transactions (Outright Buys and Sells, Dollar Rolls, and Swaps) are cumulative for settlement in the reporting month.

3. These reports are based on data voluntarily submitted by primary dealers to the Federal Reserve Bank of New York (FRBNY) pursuant to forms and instructions available at: <http://www.newyorkfed.org/markets/primarydealers.html>. FRBNY expects primary dealers to submit accurate data, but FRBNY does not itself audit the data.

* Data are not published if fewer than three dealers report in this category.
Figures may not add due to rounding. Data may reflect revisions since prior publication.
