Capacity Building in the Puerto Rican
Nonprofit Ecosystem

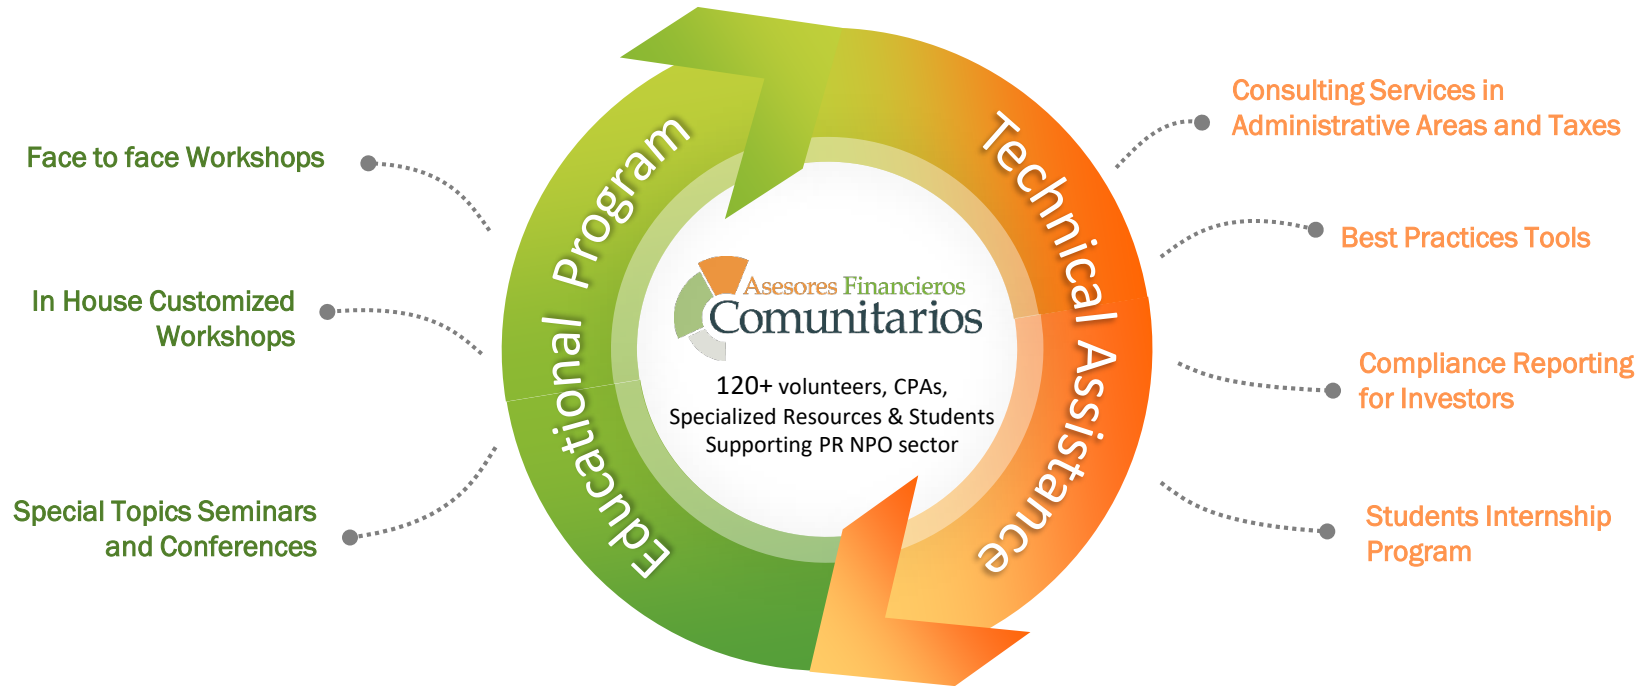

Investment Connection
January 2020

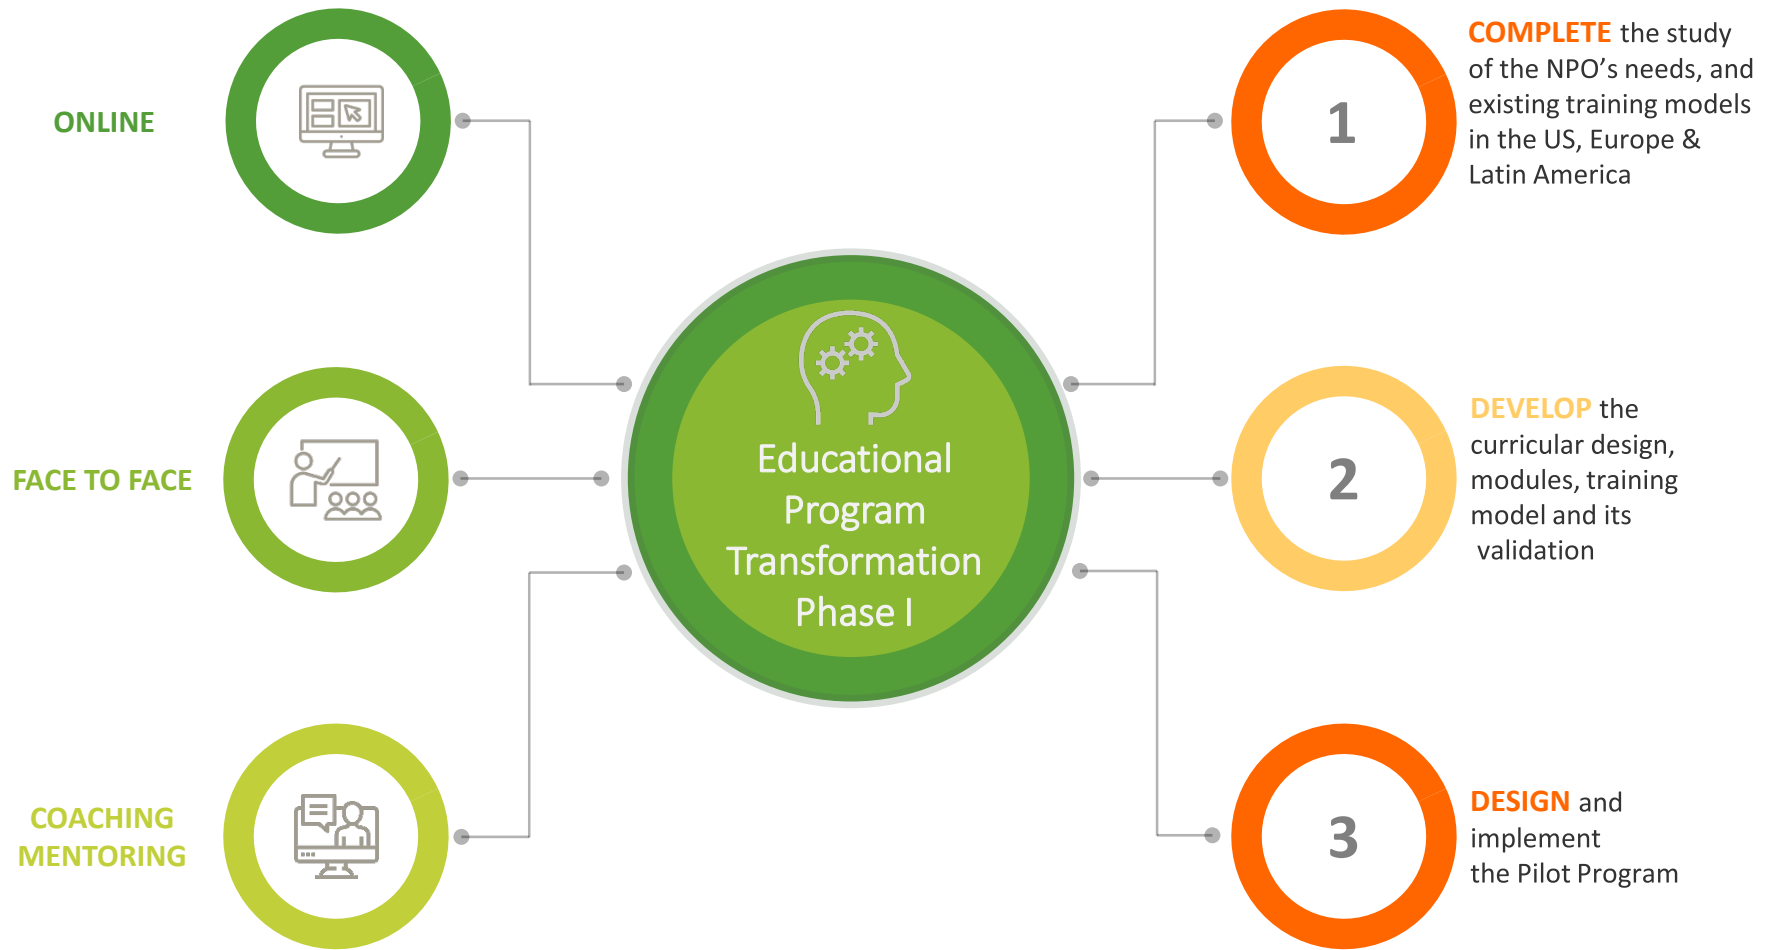

OUR Organization

13 years providing sound management practices to community-based non-profit organizations (NPOs)

OUR Project

Accelerate the redesign and reengineering of our Educational Program aligning it with the most up to date needs for non-profit management best practices

Project Impact

- Long term impact in the NPO ecosystem, which amounts to approximately 4,000 direct services community based NPO's
- Provide a minimum of 45 training sessions per year
- Impact an average of 200 NPO's annually
- Impact an average of 750 individuals annually
- This group of NPO's shall in turn impact over 300,000 participants from low income communities

Funding Request

This grant will be used to complete the Pilot Phase for Basic Management Skills Curriculum, with the development of new tools and an Intermediate & Advanced Curriculum to follow

Investing in us ensures the **going concern** of every organization we impact
